August 22, 2016

Dear Community Partner,

The Courage To Believe International is a 501(c)3, non-profit organization that provides mentoring, educational, enrichment and scholarship programs for at-risk youth and young adults in South Florida communities. We serve students between the ages of 8 to 24 years. We provide comprehensive prevention and intervention programs and services that are designed to successfully create positive changes in the lives of our participants. Some of our most popular opportunities are the C2B Chess Mentoring Program, C2B Chess Club, and Life-Skill Workshops. These programs are offered during and after school hours.

Vision Statement: Urban youth and young adults from every race, color, ethnicity and nationality are inspired and encouraged to believe in themselves. We teach them how to direct their energy in positive activities that will help them accomplish their life goals and dreams.

Mission Statement: To encourage all youth and young adults in South Florida to care for their homes, communities and themselves by enhancing their lives through positive opportunities.

Our goal is to help them appreciate and develop a deep understanding of their history and cultures. We offer a variety of preventative programs and enrichment activities that are designed to build self-esteem, character, and leadership skills. Our primary focus is to bring youth together in an environment that encourages supporting each other and developing overall strong and positive relationships.

You are among the first to receive this opportunity to make a difference in our community. Because you are an influential and indigenous member of our community, we feel that your support will ensure its success. Success is defined as our ability to create an alternate lifestyle from the one they currently are living. Your story can help to change their story. You are invited to join an elite group of men and women, who are concerned about our youth as well as have the means and influence to effect positive change. We have setup the Founders' Society of the Courage To Believe as a support committee to provide resources that include financial, moral, professional and directional support. The Founders' Society members meet twice a year to review the accomplishments of the organization as well as provide annual or semi-

annual pledges of support to the organization and its projects. The Founders' Support Menu is attached.

A study by the Southern Poverty Law Center reported January 6, 2015 states that, "Florida tries more children in adult court than any other state in the country. More than 10,000 children have been tried in Florida's Adult courts in the last 5 years. 98% of those children were transferred to adult court without the benefit of a hearing before a judge. Children as young as 12 years old have been tried as adults." Is it far-fetched to believe that the majority of those children are African-American? We will research this topic and get back to you with the answer in a later report. It speaks to the necessity of and importance of our mission to change the direction of our youth.

We sincerely look forward to and are counting on your support and guidance to effect change in our communities. This project will give the City of Pompano Beach, a leadership role in a national movement that will positively impact youth. Please feel free to call either Kevin Dorival at for further discussion.

Sincerely,

Kevin Dorival
